## SUMMARY

Enthusiastic and results-driven **Full Stack Web Developer** with over 1 year of experience developing and deploying web applications using **React.js, Node.js, Express.js, and MongoDB**. Adept at building scalable solutions, integrating APIs, and writing clean, efficient code. Strong collaboration, debugging, and problem-solving skills with a passion for modern development practices. Seeking to contribute to impactful digital products in a dynamic development team.

## EXPERIENCE

### Fullstack Developer

#### Dented Code

January 2024 - PRESENT, Sydney

- Collaborated on scalable web applications using **React.js, Node.js, and MongoDB**.
- Integrated RESTful APIs to enable dynamic data interaction across platforms.
- Used Git for version control and deployment in live environments.
- Improved UI/UX by debugging components and enhancing responsiveness.
- **Key Impact:** Contributed to production-grade applications in an agile team, strengthening full-stack development expertise.

### Web Developer

#### Securemation Consulting

July 2023 - July 2023, Spring Hill, Brisbane

- Developed a custom web-based **Data Flow Diagram (DFD)** tool using **React.js**.
- Implemented drag-and-drop interface, JSON-based diagram saving/loading, and cross-platform export.
- Transformed complex requirements into user-friendly UI components.
- **Key Impact:** Successfully delivered a working MVP during the Professional Year, exceeding project goals.

## PROJECT

### Finance Tracker

Personal Project • [finance-tracker-client-nu.vercel.app/](#) • February 2025 - June 2025

- Developed a full-stack financial tracking application to manage income and expenses.
- Implemented secure user authentication using JWT and password hashing with bcrypt.
- Integrated React-Toastify for real-time user notifications and alerts.
- Technologies used: React, Node.js, Express, MongoDB, JWT, bcrypt, React-Toastify.

## EDUCATION

### Professional Year Program

PERFORMANCE EDUCATION, FORTITUDE VALLEY • Fortitude Valley, Brisbane • 2022 2023

- Professional Year.

### Master of Information Technology

QUEENSLAND UNIVERSITY OF TECHNOLOGY, BRISBANE • BRISBANE • 2019 2022

### Bachelor of Information Technology

COSMOS COLLEGE OF MANAGEMENT AND TECHNOLOGY, LALITPUR • 2009 2014

## SKILLS

**Frontend:** React.js, HTML5, CSS3, JavaScript

**Backend:** Node.js, Express.js

**Database:** MongoDB

**Tools & Others:** Git, RESTful APIs, Visual Studio Code, Trello

**Soft Skills:** Time Management, Teamwork, Critical Thinking, Communication

**Languages:** English, Nepali, Hindi
